EXPECTATIONS AS A HOME OWNER

- Open your home for the pretour with other home owners Friday April 20th from 6:30 to 8:30 pm.
- Open up your Home from 10 am to 5 pm on April 21st.
- Provide a space for a Local Restaurant to set up some food for people to sample in your kitchen. The Restaurants will be at your house that morning at 10 am to set up.
- Have fun and meet your neighbors!

Photography, Tour Video and Booklet Home Descriptions: A front exterior photograph will be taken of each home a few weeks prior to the event. That photo will be used for each home's presentation page in the tour booklet. Mike Shaw, writing the very unique and eloquent home descriptions, will contact you for further information on your home. We are also producing a short video to promote the tour for which we may contact you if you are interested.

Home Docents: Todd McEachern is our volunteer coordinator gathering the troops to help the day of the tour so each home will have at least 2 docents for each shift from 11am-2pm and from 2pm-5pm. Docents will help with directing tour visitors, answering questions and maintaining a safe environment. You are welcome to use friends or family members in place of or to supplement the docents.
